## IMC2022 UPDATES

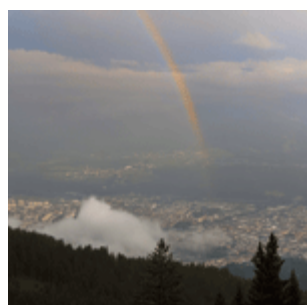

### Time for the next IMC

In approx. 1 year, IMC2022 will take place in Innsbruck! The [Scientific Committee](#) has already started with the preparatory work. The [conference concept](#) is again addressing all kinds of mountain research and will provide flexible session formats and an inspiring venue to stimulate interaction among disciplines and participants. Call for [focus session proposals](#) will open October 4 2021.

### Preparation of S4SSS 2022 started

Preparation work for the student for student summer school (S4SSS) 2022 in the forefield of IMC2022 have meanwhile started. The summer school aims at providing PhD students enhanced possibilities for networking as well as discussing their research with peers and professors. Check-out the details at [imc2022.info/summerschool](http://imc2022.info/summerschool).

### It's sunny only most of the time

Agreed. It's not always sunny in Innsbruck but it is most of the time, especially when remembering the outdoor poster exhibition at IMC2019! Looking back, it now seems fortunate that IMC2019 took place, enabling personal exchange and interaction among 500+ participants and yielding useful experiences for developing IMC further.
